

SIMMONS GSLIS

Simmons College is a nationally distinguished, small university in the heart of Boston. Since 1899, the core of our mission has been to blend education with practical work experience, preparing people to lead meaningful lives and earn independent livelihoods. Situated next to the Isabella Stewart Gardner Museum, Museum of Fine Arts, Harvard Medical School, and other institutions, the College combines co-educational graduate schools and graduate-level programs in arts and sciences, with a four-year women's college. The Graduate School of Library and Information Science (GSLIS), which is located in a new high-technology building, awards degrees at the Master's and Doctoral levels and is one of the nation's oldest and largest fully-accredited programs. Our alumni consistently lead the library and information professions and the information industry.

Full-Time Tenure Track Openings Graduate School of Library and Information Science

GSLIS invites applications and nominations for a full-time tenure-track position at the Assistant Professor level to teach, conduct research, and contribute to developing the curriculum in the area of principles of information organization; subject analysis and classification; XML and other metadata protocols and standards; practice and application in traditional and digital libraries and information systems.

Faculty advise and mentor students, develop School policy, participate in continuing education if they desire, and interact with alumni and peers in the profession and the College.

QUALIFICATIONS: Preference will be given to applicants who have already earned a terminal degree in library and information science or an appropriate related field, can demonstrate excellence in teaching, and have potential for leadership in scholarship and professional service.

ENVIRONMENT: Simmons has a tradition of placing students first. GSLIS enjoys close relationships with its large alumni body and its national employer community. Additional information about the program is available at <http://www.simmons.edu/gslis/>. Successful candidates can have an urban, suburban, or rural lifestyle in communities that welcome personal participation and offer recreation of every kind.

Salary is negotiable, commensurate with experience and qualifications. Opportunities are available for summer teaching, teaching in GSLIS's program at the Mt. Holyoke College campus in South Hadley, Massachusetts, and continuing education institutes. Simmons College participates in TIAA/CREF and offers excellent benefits packages, including tuition reimbursement for dependents at Simmons and other institutions.

Send letter of interest outlining how you will contribute to our program and activities, a curriculum vitae, and the names of three references to: Peter Herson, Chair, Committee

on Rank, Tenure and Appointments, GSLIS, Simmons College, 300 The Fenway, Boston, MA 02115-5898, or email: peter.hernon@simmons.edu. Review of applications will continue until the position is filled.

Simmons College is committed to excellence through diversity in education and employment.
