Completing the International Student Supplement Form (ISSF)

What is this form?
The International Supplement Form (ISSF) provides Simmons University with information about your country or countries of citizenship, current and anticipated visa status, as well as passport information. For students expecting to hold an F-1 Student Visa, the Form also serves as the Simmons College Verification of Finances.

Who should complete this form?
All students wishing to attend Simmons in F-1 status, regardless of visa type, must submit a completed International Supplement Form. US Citizens, Permanent Residents (Green Card holders), those who have been granted refugee or asylee status, and DACA students do not need to submit this form.

What is a Form I-20?
The Form I-20 (Certificate of Eligibility) certifies that you have met all Simmons University admission requirements for your degree program (including English Proficiency); that you will be a full time student; and that you have provided proof of funding for your educational expenses.

The Form I-20 is the document which allows you to apply for an F-1 Student Visa. The I-20 is only for students that plan to attend Simmons on an F-1 Student Visa.

How do I receive a Form I-20?
As an admitted and deposited student, you must submit the completed International Student Supplement Form (ISSF) to the Center for Global Education (CGE), along with proof of funds and documentation verifying that you have sufficient financial support to cover the total cost of attendance for one academic year. Once the documentation is submitted, it will be reviewed by Simmons College, and a Form I-20 will be issued if all eligibility requirements are met. All Form I-20s are sent via registered mail to the Permanent Foreign Residence address unless indicated otherwise by the admitted and deposited student.

What should I submit for a proof of funds?
This can vary depending on the funding sources. The list on the next page outlines documentation needed for each type of funding source.
Please note that the proof of funds documentation required by Simmons University may also be required at the U.S. Embassy or Consulate during the time of F-1 visa application. We strongly advise students to have copies of the documents for that purpose.

What if I have my spouse and/or child coming with me?
They will be considered dependents and will need their own form I-20. Dependents must hold an F-2 visa and may not work during their stay. An extra $10,000 per person will need to be shown in available funds. Copy of identification page of your dependents’ passports along with a page listing the dependents’ names and relationship to you (spouse and/or children who are planning to join the applicant in the U.S. in F-2 status)
