

Summary Results First Destinations Outcomes Survey Baccalaureate Class of 2023

Class of 2023 First Destinations Outcomes

METHODOLOGY & TERMINOLOGY

Simmons subscribes to the guidelines for undergraduate outcomes data collection and reporting first published by the National Association of Colleges and Employers (NACE) in July, 2019. The Career Education Center surveyed all four graduating baccalaureate cohorts that comprise the Class of 2023: August and October, 2022, and January and May, 2023. The survey period ran up to approximately seven months out from the last of the four cohorts (December 31, 2023). We used the Outcomes Survey tool from Handshake to administer the survey online. We then supplemented the online survey with phone calls, with additional data gathered from the offices of the Registrar and Advancement as well as LinkedIn. We also adopted the NACE terminology, hence “Knowledge Rate” (all data obtained from survey responses and other sources) and “Career Outcomes Rate” (percent engaged either FT or PT, continuing education, volunteering, or in the military).

UNIVERSITY KNOWLEDGE RATE

Knowledge Rate: includes direct responses to the survey, and additional reliable sources including: registrar’s office, office of alumni relations, faculty, and online sources such as LinkedIn.

Knowledge Rate	62%
Total No. of Graduates Surveyed:	341
Total No. for Whom Data Obtained:	210
No. of Cohorts Surveyed:	4 (Aug & Oct, 2022; Jan & May, 2023)

CAREER OUTCOMES

Career Outcomes Rate:	99%
Employed Full-Time:	71%
Engaged in Military or Volunteer Service:	0%
Enrolled/Enrolling in Continuing Education:	13%
Full-Time Rate (sub-total):	85%
Employed Part-Time (temp, internship, etc.):	14%
Seeking Employment:	1%
Other:	0%
(sub-total):	1%
TOTAL:	100%

EMPLOYMENT

Top Fields of Employment	Rank	# of graduates in this field	% of graduates in this field
Healthcare	1	77	47%
